Women's Mental Health in Bloom webathon

Spanning 24 hours and seven global regions, join us for the first ever online

'Women's Mental Health in Bloom' webathon on **7-8 March**

Hosted on International Women's Day 2026 by the **International Association of Women's Mental Health in collaboration with leading psychiatric organizations around the world RCPsych UK, RANZCP and The Lancet Commission on WMH**, this event is intended to:

- **Raise awareness**
- **Call for collective action**
- **Celebrate progress and achievements.**

The event focuses on all aspects of women's mental health and will involve speakers from **seven global regions, each hosting a three-hour session**, starting Saturday 7 March to Sunday 8 March.

Save the date and stay tuned

More information will be available in due course but in the meantime, IAWMH and its lead partners invite people interested in attending to **SAVE THE DATE.**

Updates will follow shortly
